Bark Aroostook on a Whaling
Tuesday November 11th 1862
Begins with a light air from the S and fine weather at 1 P.M. broke in on the last whale and cut him in over ship main sail steering S and cleared the decks and dry them. Boiling middle part calm and squally with Thunder & lightning latter part much the same and clearing up.

Latitude 6"26 N
Longitude 23"33 W

Wednesday 12th Barometer 29"70
Begins with a calm watch employed Boiling &c middle part a light air from the N steering SSW latter part wind NNE and squally steering S fine shed Boiling

No Observation this day

Thursday 13th Barometer 29"70
Begins with a light breeze from the NNE steering S at 1 P.M. raining hard with heavy thunder and lightning wind all around the Compass middle part much the same latter part Thunder and lightning & raining wind one sail in sight

No Observation this day

Friday 14th Barometer 29"70
Begins with a calm and rainy at 1 P.M. a breeze from SSE to S middle part a little better weather wind baffling latter part all sail wind all around and light and calm

No Observation this day

Saturday 15th Barometer 29"64
Begins with a calm lowered all the Boats took 3 lowered again chased until 6 O clock took nothing broke out Flour meat and molasses middle part light air and calm latter part light breezes from the S and squally heading W by S employed mincing Black fish Blubber &c

Latitude 5"10 N
Longitude 23"00 W
Barometer 29"6[illegible]

Voyage to the Atlantic Ocean & elsewhere
Sunday November 16th 1862
Begins with a breeze from the S and squally heading W by S all sail set employed breaking out for water main hatch one sail in sight middle part a fresh breeze heading W by S & W S W latter part much the same

Latitude 4"30 N
Longitude 24"40 W
Monday 17th Barometer 29"60
Begins with a fine strong breeze from the S & S by E heading S W & W S W one sail in sight middle part much the same latter part took in 1 boat & put out the bow boat and picking over potatoes &c heading W S W

Latitude 3"15 N
Longitude 25"30 W
Tuesday 18th Barometer 29"60
Begins with a fine breeze from the S heading W S W all sail employed variously middle part a light breeze latter part much the same all hands employed breaking out and stowing down main hatch

Latitude 2"36 N
Longitude 26"30 W
Wednesday 19th Barometer 29"60
Begins with a light breeze from the S and fine weather all hands employed stowing down main hatch at 4 PM all finished heading W S W middle part much the same latter part watch employed breaking out in fore peck and putting things to rights

Latitude 1"58 N
Longitude 27"20 W
Thursday 20th Barometer 29"60
Begins with a light breeze from the S by E heading S W by W watch employed breaking out and stowing up fore peak at 5 PM squally middle part fresh breezes latter part strong breezes some squalls all hands employed breaking out and stowing up fore peak at 11 AM spoke ship Liberia of Liverpool

Latitude 00"50 N
Longitude 28"35 W
Barometer 29"60

Bark Arkansas on a Whaling
Friday November 21st 1862
Begins with a strong breeze from the SE heading SW all sail all hands employed breaking out and stowing up fore peak at 6 PM then a squall took in light sails middle part fresh breeze heading SW latter part much the same watch employed in stowing up fore hold

Latitude 00.28 S
Longitude 29.38 W

Saturday 22nd Barometer 29.70
Begins with a fresh breeze from the SSE heading SW watch employed stowing up between decks breaking off &c 3 sail in sight middle part heading SSW latter part SW by S took out the S pump overhauled it & put it back all sail

Latitude 2.02 S
Longitude 30.28 W

Sunday 23rd Barometer 29.65
Begins with a fine breeze from the SE by S heading SW by S all sail employed as previous day middle part much the same latter part stronger breeze one sail in sight

Latitude 3.34 S
Longitude 31.15 W

Monday 24th Barometer 29.60
Begins with a fresh breeze from the SE by S and some squally heading SW by S middle part heading SSW latter part SSW and SW by S some squally begun to settle main rigging

Latitude 5.20 S
Longitude 31.45 W

Tuesday 25th Barometer 29.60
Begins with fresh breezes from the SE heading SSW and SW by S employed setting up rigging one sail in sight middle part strong breezes and squally took in light sails latter part much the same strong breezes and rigged

Latitude 7.03 S
Longitude 32.05 W
Barometer 29.65

Voyage to the Atlantic Ocean & elsewhere

Wednesday November 26th 1862

Begins with a strong breeze from the SE and ships heading S W by S and SSW ship settling and stowing rigging at 2 set top gall sail fly jib middle part a fresh breeze latter part strong breezes and ship ally heading SSW & SW by S settling towing

Latitude 18.40 S

Longitude 32.10 W

Thursday 27th Barometer 29.65

Begins with a strong breeze from the SE and some light squalls heading S & SW by S all sail setting & stowing &c middle part fine weather latter part much the same ship as above

Latitude 10.18 S

Longitude 33.50 W

Friday 28th Barometer 29.65

Begins with a fine breeze from the SE heading SSW all sail ship forge Crew fitting old fore sail finished it and sent it up & took down the New one middle part heading S by W & SSW latter part much the same ship setting stowing &c

Latitude 12.15 S

Longitude 34.15 W

Saturday 29th Barometer 29.70

Begins with a fine breeze from the SE by E heading S by W and SSW ship stowing &c middle part S by W latter part a fresh breeze and squally ship breaking out Flour Water &c 3 Sail in sight wind E

Latitude 14.18 S

Longitude 34.30 W

Sunday 30th Barometer 29.70

Begins with a fine breeze from the E & SE heading from S by W to SW at 4 wind E SE steering S by W middle part fine wind hauled to E latter part wind E NE fine weather all sail set that will draw one sail in sight

Latitude 16.01 S

Longitude 34.40 W

Barometer 29.70.

Barque Awashonks on a Whaling
Monday December 1st 1862
Begins with a fine breeze from the E N E steering S S W at 3 wind N N E mid dle part much the same latter part wind N E steering S W by S emploied setting up Bob stays & turning rigging &c
Latitude 17"38 S
Longitude 35"10 W
Barometer 29"60

Tuesday 2nd Begins with a fine breeze from the N E steering S W by S employed setting head rigging and turning rig &c middle part a strong breeze latter part strong breeze and squally steering S W employed variously wind N N E
Latitude 19"42 S
Longitude 36"30 W

Wednesday 3rd
Barometer 29"60
Begins with a strong breeze from the N N E rugged cloudy dark dirty weather steering S W all sail drawn middle part strong breeze latter part much the same one sail in sight cloudy dark weather steering S W by W
No Observation this day
Barometer 29"55

Thursday 4th Begins with a strong breeze from the N N E with dark cloudy weather and some spits of rain steering S W by W emploied setting main rigging two sail in sight middle part a fresh breeze at 6 A M wind hauled to W N W latter part wind hauling around to the S some squally ends clearing up stowed main top sail breeze 3 sail in sight
Latitude 23"25 S
Longitude 39"15 W

Friday 5th
Barometer 29"55
Begins with a light breeze from the E steering S W by W employed setting up the jib stays middle part fine little breeze steering S W latter part wind hauled to S S E one sail in sight
Latitude 24"15 S
Longitude 40"10 W
Barometer 29"60

Voyage to the Atlantic Ocean & elsewhere
Saturday December 6th 1862
Begins with a light breeze from the S by E heading S W by W Spoke the Bark Bremen of Hull... 50 bls sperm middle part fine weather wind hauled to N E steering S W½ W latter part light breeze unbent the Main top sail to repair

Latitude 25.02 S
Longitude 41.20 W
Barometer 29.55

Sunday 7th
Begins with a light breeze from the N E steering S W ½ W employed repairing Main top sail finished and bent it middle part calm latter part a strong breeze from the S to S S W heading from W S W to W

Latitude 25.14 S
